

## Spring Book Sale

Thanks to each and everyone who made the 2010 Spring Book Sale successful. So many volunteers gave of their time and effort - from the book sleuths who sorted, evaluated and priced the book donations to those who moved the books from storage and helped set up. Others came daily and worked two hour shifts to assist the buyers and then stayed to help clean up when we closed on Saturday. Sixty-three volunteers worked a total of 254 hours during National Library Week. And, of course, the book donations from Friends of the Library members and library patrons made it possible to offer a broad selection of titles for readers of many interests. Proceeds of \$4,485.00 will be used in support of various programs of the Boone County Library. Thanks to all the following volunteers:

## Welcoming Table

Friends of the Library volunteers welcomed patrons during National Library Week at a table in the main area of the library. An opportunity to join Friends of the Library was made available and provided access to the member's preview and sale on Thursday morning. Visitors at the welcome table were given the opportunity to enter their names in a drawing for prizes. The prizes were displayed at the table. First prize of an FOL book bag and library mug went to Jo Ann Jones. Second prize of a selection of three books went to Kathleen Crossno. And for the child's prize, a book complemented by a theme pillow especially designed and made by Beth Neel, was won by Gelica Griffin. Seventeen volunteers worked 42 hours and 71 individuals and/or families joined or renewed their memberships during the week. Thank you all for your valuable time.
