

## Special Tribute to Our Life Members

It may have been recently or maybe several years ago that the following individuals and couples became life Members of Friends of the Library. In addition to being featured on page seven of the *Bookplate* newsletter throughout that first year, they also were honored by having a book dedicated in their name and added on their behalf to the book collections of the Boone County Library.

Though years may have passed, Friends would like to take this opportunity to acknowledge these generous Life Members that make up the backbone of our organization and remind them that they are forever appreciated.
