

Spring Book Sale

Friends of the Library were again able to offer a varied selection of gently used books at the Spring Book Sale held during National Library Week. Seventy-one volunteers helped set up tables, unpack and arrange books the day before and assist buyers during the three day sale. These volunteers, listed below, worked over 250 hours.

We thank all who donated books and continue to donate books for our sales. In addition, seventeen volunteers manned a welcome table, renewed memberships and added new members to our organization.

Thank you all - donors and volunteers who continue to making our sales a success. We earned \$4,587.20 which will be used in our support of the Boone County Library.

Welcoming Table

The following ladies graciously donated a cumulative thirty-five hours of their time in welcoming new members and renewing past members into the Friends of the Library organization during National Library Week in April. A total of seventy-six memberships were received during the month of April, many of which can be attributed to the success of the welcoming table. Thank you, ladies. We appreciate your time and dedication to a great cause.
