

Summer Guest Speakers at the Boone County Library

Tuesday, June 14, 5:30 P.M.

Restoring Antique Furniture

Angie McClintock, the multi-talented wife of County Extension Agent, Mike McClintock, a former speaker, is going to give us a demonstration of how to restore items of furniture, antique or otherwise. Maybe we shall finally be able to fix all those chairs with wobbly legs!

Thursday, June 23, 5:30 P.M.

Food from your Garden - Part II

Trudy McManus will be back to present Part II of "Saving and Using Food from your Garden." Part I included the economics of food preservation and the various ways of preserving fresh foods using the new guidelines from the U.S. Department of Agriculture. Part II will continue the theme. Given the tough economic climate, we hope you find all this do-it-yourself information useful and fun; it should certainly help to keep the wolf from the door this year, and you may enjoy producing some of your own food so much that it becomes part of your daily life; everything tastes so good!

Tuesday, July 12, 5:30 P.M.

Water in Northwest Arkansas – Now and in the Future

Dr. Robert Morgan and John Summers are scheduled to present "Water in Northwest Arkansas – Now and in the Future".

Robert Morgan, PhD., P.E.,

Dr. Robert Morgan is Manager of Environmental Quality at Beaver Water District. He earned his Doctorate in Engineering, Master of Science in Civil Engineering, and Bachelor of Science in Civil Engineering, all from the University of Arkansas, Fayetteville. In addition to an extensive resume, Dr. Morgan has authored publications on nonpoint source pollution, watershed management and stream restoration.

John Summers

John has served Carroll-Boone Water District for 28 years.

Thursday, July 28, 5:30 P.M.

American Quilts

Phyliss Pokorny will return to give us another of her much-enjoyed programs centered around American quilts.

Tuesday, August 9, 5:30 P.M.

Herbal Workshop

D'Coda, we hope, will be here to teach us all about herbs. Right now this date and time are tentative, so please stay tuned.

Thursday, August 25, 5:30 P.M. Fruit Growing by Dr. Elena Garcia

This is a follow up to Dr. Garcia's great program back in March.
