

Dear Friends of the Library,

For many years now, Friends have frugally sequestered some money each year while continuing to implement our many projects, such as: Honor Book purchases, online database purchases, and maintenance of day school mini-libraries to name a few. This frugality finally pays off. Friends were able to contribute \$20,000 toward renovation of the HVAC (Heating, Ventilation and Air-Conditioning) system at the library.

As many patrons know, the library HVAC system has been on its last leg for many years, and this past summer that last leg buckled. The cooling apparatus irreparably failed.

With the wise use of tax money and donations from Friends and others, the Library Board had the funds in hand to contract with the low bidder, Conward's 72 Degrees, to replace all the original equipment in the building with much higher efficiency equipment. The time is nigh for patrons to enjoy a better temperature controlled environment.

FOL will continue to exhibit frugal and sagacious conduct so as to earn and maintain public trust. Consider joining us. Visit www.folbc.org for more information.

George Cline

Friends of the Boone County Library President George Cline presents a \$20,000 check to Library Director LaVoyce Ewing toward the renovation of the library heating, ventilation and air-conditioning system.

Note: Conward's 72 Degrees is already on the job.
