Have you ever considered becoming a Friends of the Library volunteer in your spare time? Friends of the Library is looking for three special people with computer experience: one to cross-train as *Bookplate* newsletter editor, another to learn how to make the bookplates that go in the front of honor books, and the third to create and maintain a Facebook page for our organization. All of these tasks can be done right on a home computer on your own time schedule. The newsletter is currently being composed using WordPerfect, but this can be changed to your software preference. Likewise with the honor books, they are currently being created with Design Pro, an Avery product, using a list of names maintained in Microsoft Excel. Any software can be substituted as long as the end product is the same or similar.

If interested, please call Chris Posterick at 870 427-2067, preferably in p.m.'s only.
