

Fall Book Sale Results

IMAGINE A YOUNG GIRL HUGGING A BOX OF BOOKS! This is what happened on the last day of the Fall Book Sale. After looking at the books, she excitedly ran into the bargain room to find her mother to ask if she could have them. She came flying back and hugged those books for all they were worth until her mother and brothers were ready to check out. There were many other satisfied shoppers every day.

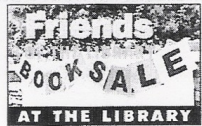

Seventy-nine volunteers worked 278 hours setting up tables, moving books from storage and assisting buyers during the three day sale. Proceeds from the sale, \$4272.00, will be used as always in support of Boone County Library programs and projects.

Thanks to all who donated so many fine books, to those who sorted and priced, and especially to the following individuals who worked to make this another successful event.
